Hon. Allen W. Dulles  
Director of Central Intelligence Agency  
Washington 25, D. C.

Honorable Sir:

Recent dispatches in the New York Press mentioned the fact that Adolph Eichmann, the criminal responsible for the extermination of millions of Jews is alive and is employed as an advisor to an Oil Company in Quaweiti, near Iran.

Our latest correspondence concerning this war criminal and chief of deportations proceedings in all concentration camps during World War II, was on April 19, 1954, at which time Intelligence information was submitted by the undersigned to you and forwarded to the attention of [redacted] your assistant.

It would perhaps be advisable to contact the West German Government and to take Allied steps to make sure the whereabouts of this hangman and to make all preparations necessary to put him on trial for his crimes against humanity during World War II.

I will be pleased to submit more information concerning Adolph Eichmann if necessary, and I am confident that this memorandum will reach the proper channels of justice.

It is important to note that this man together with the Mufti of Jerusalem are inspiring the Middle East area creating hardships against the Western Allies. They will continue their efforts until such time as steps are taken to repress them.

It is imperative that this matter receive immediate attention.

Respectfully yours,

MIRRER YESHIVA CENTRAL INSTITUTE
